# INTRODUCTION

This statistical report is designed to facilitate the utilization of the comparative analysis of various financial and activity data from the public libraries. Data for the report were compiled by the public library directors at the close of fiscal years 1982 and 1983. The annual report form used to gather the information complies with Arkansas Act 489 of 1979 and with Standards for Library Functions at the State Level. The format of the report is designed to conform closely with the national Library General Information Survey (LIBGIS) forms.

The report is arranged in four sections: Directory of Public Library Headquarters, Financial Statistics, Service Statistics, and Directory of Public Library Board Members. The library systems are listed by population, from largest to smallest. The present status of Arkansas public libraries is shown in the following table.

| NUMBER OF LIBRARIES | | NUMBER OF COUNTIES |
|---|---|---|
| 15 | Single County Units (one has two districts) | 14 |
| 6 | Two-County Units | 12 |
| 3 | Three-County Units | 9 |
| 3 | Four-County Units | 12 |
| 1 | Five-County Unit | 5 |
| 1 | Six-County Unit | 6 |
| 2 | Seven-County Units | 12 |
| 31 | Headquarters | 72 Counties |

8 Independent City Units (six have 1 mill tax; three are part of larger units)

3 Counties have not passed the 1 mill tax; rural population unserved.

Each library is established by City or County ordinance and cooperative units are created by interlocal agreements. The State is divided geographically into five Library Development Districts for the purpose of interlibrary cooperation. Eighty percent of the population of the State resides within public library service areas of 50,000 or more, as defined in A Program for the Development of Library Service in Arkansas and endorsed by the State Library Board in Standards for the Distribution of State Aid. The remaining twenty percent of the population is served through smaller service areas with professional support from the Extension Services Section of the Arkansas State Library. Gratitude is extended to the public librarians who have patiently and laboriously compiled the statistics so that this report could be prepared.
